Through our nationwide network of award-winning lettings branches we hold a large applicant database of prospective tenants, and specialist property management and accounting teams are available to assist.

The diversity of Connells Group means we can also advise on purchase opportunities, should landlords be looking to increase their portfolio, and landlord insurance products to ensure properties are protected for every eventuality.

Through our leading London-based auction house under the Barnard Marcus brand and with regional centres across the country [Derby, Leeds, Norwich, Southampton, Liverpool, Exeter, Sheffield, Wales], we are one of the largest volume residential property auctioneers in the UK.

Sequence Auctions and Countrywide Property Auctions provide vendors and purchasers with a bespoke service via their dedicated auction teams. National sales include lots covering the entire country, whilst local sales through our regional auction centres focus on lots located close to the auction centre. With around 60 auction sales held every year, we offer an entire range of property types, from flats to houses, factories to shops, land and much more, in locations throughout the UK.

We also offer conveyancing and dedicated mortgage services that are tailored to the new homes market, and can help with assisted move options and part exchange, via our subsidiary The New Homes Group.

We also offer a range of investment services working with a number of investment buyers, pension funds, off-shore funds and investment groups specifically looking to purchase new builds and larger PRS and BTR schemes.

Our work with developers enables us to assist with the financing of residential schemes and in addition, by agreeing and contracting a forward sale position to deliver a pre-specified number of sale completions, this can help in bringing forward the developer's build programme and create greater contractual certainty.

Our multifaceted approach to new homes products, our understanding of the needs of house builders and our ability to market new homes effectively make us the first choice for many of the UK's leading builders and developers.
